**AFCEA: An Opportunity for the Cooperation Among Government, University
and Industry in the National and International Arena**

AFCEA International, established in 1946, is a non-profit membership association serving the military, government, industry, and academia as an ethical forum for advancing professional knowledge and relationships in the fields of communications, IT, intelligence, and global security.

AFCEA goals are to

- Provide the recognized ethical forum that promotes discussion of information technologies and issues among government, industry and academic leaders worldwide.
- Provide value and benefits to members and communities of interest.
- Actively engage Governments on IT policy matters.
- Grow and maintain our active membership within the IT community.
- Provide professional development.

In order to achieve these goals, AFCEA organizes several events and activities, provides publications, scholarships and training opportunities. All activities of AFCEA are published its SIGNAL Magazine.

AFCEA, as a worldwide regional organization, currently has 34000 individual members and 1875 corporate member companies and has 145 Chapters/Subchapters in 34 countries.

AFCEA Türkiye Chapter was founded on 29 November 1989. Our chapter is in the status of a scientific organization. AFCEA Türkiye, in parallel with the AFCEA's mission, vision and goals, has carried out its activities with the support of ASELSAN and its corporate members since its establishment. Its headquarter is in Ankara, Türkiye.

Thank you.
