

## **NAVAL SYSTEMS SEMINAR - SEMINAR OUTLINES**

If you decided to be our sponsor, shortly introduce your company info & activities, and send your company logo a.s.a.p. please.

Your high-resolution company logo will be used to design our seminar poster, banners, backdrop at the entrance and the face of the seminar bag, etc.

For seamless coordination, providing at least two of your POC info from your company for the seminar is very important.

Check the seminar website ([www.navalystemsseminar.com](http://www.navalystemsseminar.com)) regularly to get the updated seminar status. In the meantime, we will keep inform and guide you for the milestones.

At the beginning, we need your presentation title(s), name & title of your speaker(s) as soon as possible. We need that information to draft seminar poster and seminar program without delay.

Please note the "Key Dates" for the related activities and documents with their due dates, and the "Important Issues" of our seminar as headlined on the seminar website.

Participation as audience / visitor is free of charge only if registered correctly via our website. Please register via our website completely by clicking on "REGISTRATION" headline. "You are strictly requested not to register here on behalf of anyone other than yourself".

Every participant / visitor including the speakers and exhibitors must be registered as well. Name cards will be prepared by using that information and it is important for security as well.

Adding our seminar announcement in your marketing activities (nationally / internationally) and announcing it by yourself via your web page will be very helpful for our seminar publicity and its success.

Greetings.

Naval Systems Seminar Organization [www.navalystemsseminar.com](http://www.navalystemsseminar.com)
